

PRODUCTION OPERATIVE

About ION Science Ltd:

ION Science has over 30 years of industry experience designing, manufacturing, and supplying PID gas sensors, gas detection instruments and leak detectors for a wide range of industries and applications. We pride ourselves on being a fun, friendly people-orientated organisation and a great place to work with core company values. Our modern, state of the art headquarters is based in Fowlmere, 10 miles south of Cambridge. In 2022 ION Science has been awarded the Queen's award for Enterprise for MiniPID Sensors. This is a fantastic opportunity to join our growing Team and be part of a well-recognised brand associated with quality

MAIN PURPOSE OF JOB:

The role of the Production Operative is to learn and deliver products to a high standard. You will have a high degree of manual ability, as the products would need to be made with high precision, quality and in a timely manner, paying close attention to detail and care. Due to the size of the components, you will have a steady hand and be comfortable with your vision to work with these parts and the tools given to you.

Initially the role will be focused in the Lamp production area, however flexibility is a key factor in this role so the Production Operative will also undertake training, work in other areas of Production as and when required. You will work as part of the Production/Operations Team reporting to the appropriate Team Leader.

JOB ROLE:

- Produce all PID lamp variants via all the relevant processes, assembly of lamps and testing
- Maintain lamp production information through Microsoft Applications
- Where necessary assist with service/ maintenance of equipment
- Data input on spread sheets
- Stock checking
- Under guidelines from Team Leader fulfil requirements required for working day
- Attend internal meetings when required
- Maintaining a good level of housekeeping in Lamp Room
- Assisting other departments in ION Science as needed
- Flexible to do overtime if required
- Work effectively with team members, management teams and other key members to ensure delivery of production targets and customer demand
- Maintain quality and Minimise scrap/waste costs

SKILLS:

- A basic level of IT skills in using Microsoft office packages (training can be provided)
- Have the ability to learn and retain information
- A team player
- Possess initiative
- Excellent time keeper
- A good communicator
- Take pride in their work, maintain high levels of quality
- Excellent at building rapport with internal departments
- Have a flexible approach
- Possess a strong work ethic

BENEFITS:

- 25 days annual leave + Bank Holidays (annual holiday increasing with service)
- Excellent employer pension contributions of 8% after probation
- Life Assurance of 4% of pensionable salary
- In-house training
- Discretionary Annual Bonus
- On sight shower & changing facilities
- Long term service awards
- Monthly lunch & drinks laid on by the company
- Sick Pay
- Christmas getaways
- On-site parking
- Private Medical with AXA
- Bike Purchase Scheme
- Car share scheme
- Early finish on Fridays

WORKING PATTERN:

- Monday to Thursday: 08:30 – 17:00
- Friday: 08:30 – 15:45
- Immediate start available
- Full time – Permanent position

Due to the high level of CVs that we receive, we regret that we will not be able to contact you unless your CV is being progressed to interview stage.

Our Core Values:

Fun

Embrace change

Respectful

Responsive

Challenge the status quo

Committed

What our current employees say about working for ION Science:

"I have worked at ION Science for 8 years now and I wouldn't want to work for anyone else! It doesn't matter whether you are office staff or production, you are always treated with respect by everyone."

L Stanford: Senior Production Assistant

"I have been with ION Science for nearly 5 years now and our Company values really are integral in all we do. ION Science is fun, yet such a driven Company to work for." E Lane: Marketing Supervisor
